MORGAN COUNTY PUBLIC LIBRARY

Book a Genealogy Librarian

Main Library

http://morgancountylibrary.info

Book the genealogy librarian for a one-on-one or group session at the Main library location in Martinsville, IN.

Sessions may take approximately 30 minutes depending on what you want to learn. Plan to spend some time after the session is over doing some research on your own in our genealogy area (pictured above).

How this works -

Fill out the registration form and detach it. Turn it in at the rotunda area desk upstairs or mail it to the attention of "Genealogy Librarian." Our address is given on the back of the registration form.

The genealogy librarian will call or e-mail you to set up an appointment.

Please note: The majority of information is about Morgan County families and their history. We do have some information from other Indiana counties but it is not an all-inclusive collection. This means you may or may not find information about your ancestors from other locations.
